Horizon Standardisation Booster

OPPORTUNITIES FOR  
STANDARDISATION  
EXPERTS

If you have experience in contributing to National Standards Bodies or international Standards Development Organisations then **join our pool of experts** and deliver consultancy support to EU projects.

- Coach standardisation practices and procedures
- Identify areas for new standards / revised standards
- Advise on possible paths for open standards
- Pinpoint optimal standardisation workflows and timelines
- Broaden your own network and understanding of EU innovation

All experts are remunerated for services delivered.  
Each service lasts for a minimum of 2 effective working days.

Join our pool of over 180 experts and **play your part in improving awareness, engagement and expertise of EU project consortia in standardisation.**
